

November 24, 2021

Dear Jugal Saharia,

On behalf of the Biophysical Society, I am pleased to notify you that you have been selected as a recipient of a 2022 Travel Award to present your abstract at the Biophysical Society Annual Meeting. The Society's committees for Inclusion and Diversity, Professional Opportunities for Women, Education, and Membership have approved a grant for \$200 USD to help defray your travel expenses to the 66th Annual Meeting, to be held February 19-23, in San Francisco. You will be honored at the Travel Awardee Reception on Saturday, February 19, 6:00 PM – 7:30 PM.

If you have not yet registered for the Annual Meeting, you can do so here: <https://www.biophysics.org/2022meeting/registration>

Student Housing is available for undergraduate and graduate student meeting attendees: <https://www.biophysics.org/2022meeting/hotel-travel/student-housing>

We received a large number of meritorious applications for the 2022 Travel Awards, many more than could be funded. Many applicants remain on a waiting list. If you know that you are unable to attend the Meeting, please contact us by **December 3, 2021**. Failure to do so may prevent another applicant from attending the Annual Meeting.

The 66th BPS Annual Meeting will include a presentation from this year's Biophysical Society Lecturer, Frances Arnold, symposia, workshops, subgroup meetings, platform sessions, and poster sessions. The Meeting provides a chance for biophysicists and scientists in related disciplines to share their research, collaborate, and receive feedback on their research.

Again, congratulations on your accomplishment. If you have any questions, please do not hesitate to contact the Society office at travelawards@biophysics.org. We look forward to your participation in the meeting!

Kind regards,

Jennifer L. Pesanelli
